Public Member

Al Bredehorst
Active Teacher

Clifford Silvers
Public Member

Mission

The mission of the Teachers' Retirement Board is to administer the State Teachers' Retirement System.

Statutory Responsibility

The provisions of the Teachers' Retirement System are contained in Chapter 167a of the Connecticut General Statutes to provide retirement, disability, survivorship and health insurance benefits for Connecticut public school teachers and their beneficiaries. The benefits of the program are funded by employee contributions, state appropriations and investment income. The program is intended to provide financial security at retirement for Connecticut public school teachers, to replace lost income as a result of disability and to provide benefits to survivors of teachers who die while actively teaching. Members of the system are informed of their rights, benefits and responsibilities to claim benefits by receiving an annual statement of benefits accompanied by a letter from the Administrator, as well as by various publications on our website (www.ct.gov/trb). In addition, individual counseling is available to assist members in the retirement planning process.

Public Service

The agency is committed to providing each member with the necessary information to make intelligent and informed decisions regarding retirement, disability, survivor, and health benefits. Each non-retired member receives an Annual Statement of Benefits that provides a comprehensive record of their earnings history, credited service, and other details of their account. The agency publishes a variety of topical publications and brochures to assist in dealing with retirement issues. The agency continues to improve and expand its website www.ct.gov/trb to provide better and timely access of information to members. The agency is open to the public daily to provide personal service, and agency staff present information at meetings of professional associations of active and retired members, and to representatives of local Boards of Education.

Improvements/Achievements 2014-2015

The Teachers' Retirement Board provides services to nearly 100,000 members at an annual cost of less than \$20 per member which compares very favorably with other similar retirement plans.
