

**INFORMATION TECHNOLOGY
OPERATIONS & DATABASE SUPPORT SPECIALIST**

PLEASE FOLLOW THE SPECIFIC APPLICATION INSTRUCTIONS AT THE BOTTOM OF THIS PAGE!

Open To: The Public
Location: Central Connecticut State University
Job Posting No: C14-081
Hours: 8 AM to 5 PM
Salary: \$50,961 - \$84,150
Closing Date: May 23, 2014

Knowledge, Skills and Abilities: Central Connecticut State University's Information Technology department invites applications for a full-time Operations and Database Specialist. The successful candidate will perform system administration and support functions for local administrative database servers, along with monitoring system resources to ensure integrity, security and management of accounts. Candidates are expected to be committed to multiculturalism and working with a diverse student body.

General Experience (Required Qualifications):

- Bachelor's degree in Computer Science, Information Systems, or other IT related degree **OR** four (FTE) additional years of professional experience supporting and administering relational databases and servers in a complex network environment; and,
- Two (FTE) years of professional work experience supporting and administering relational databases and servers in a complex network environment.

Special Requirement (Preferred Qualifications):

- Knowledge of current server operating systems in use at the University—such as Windows Server and/or Unix/Linux and experience troubleshooting server-side hardware and software problems;
- Experience installing, configuring, monitoring and/or supporting database systems – such as Microsoft SQL Server and Oracle;
- Experience writing complex SQL queries and developing, scheduling and monitoring data processing tasks, as well as developing and supporting PowerShell scripts and ASP.NET web development;
- Experience installing, managing and developing reports for Microsoft SQL reporting services;
- Experience managing and configuring Data Loss Prevention (DLP) solutions such as Identity Finder, access control automation and auditing tools such as Varonis DataPriv, Varonis DataAdvantage and/or Quest ChangeAuditor;
- Experience configuring and managing integration tools for call ticket tracking systems such as FrontRange HEAT; and,
- Interpersonal skills with demonstrated ability to work well with others

Substitution Allowed: Equivalent combination of training and experience may be considered.

Working Conditions: Excellent fringe benefits, including tuition waiver for employee and eligible dependents.

Application Instructions: For full consideration, applications must be received by close of business **Friday, May 23, 2014**. For more information and application instructions, please go to our website: www.ccsu.edu/Jobs.
