

Middlesex Community College
HL-SCI Assistant Professor/Program Coordinator of Veterinary Technology
10 Month, Full Time, Non tenure Track, Renewable for the Duration of the Grant

PLEASE FOLLOW THE SPECIFIC APPLICATION FILING INSTRUCTIONS AT THE BOTTOM OF THIS PAGE!

Open To: The Public
Location: 100 Training Hill Road, Middletown, CT
Hours: Varies depending on course schedule
Salary: \$51,250 approximate annual
Closing Date: April 18, 2013

**General Experience/
Education:**

Doctor of Veterinary Medicine and license to practice as a Veterinarian in the State of Connecticut are required. Two years of college teaching experience and supervisory experience in a veterinary hospital, practice, or lab setting are essential. Experience working with community college students of varying abilities is highly desirable, as is an understanding of the mission of the community college. In addition, the following core skills are required: demonstrated involvement in support of diversity, demonstrated ability to respond to and work with multiple constituencies, and demonstrated computer literacy, including instructional applications.

**General Knowledge,
Skills and Abilities:**

Under the Health and Life Sciences Career Initiative (HL-SCI) Work Plan, Middlesex Community College is developing curriculum to initiate new programs and to revise existing programs in health care and life sciences. Reporting to the Division Chair of Science, Technology, Engineering, and Allied Health, the Assistant Professor/Program Coordinator will teach 9 credit/contact hours per semester in Veterinary Science with special emphasis on large and small animal surgery courses that require the supervision and services of a licensed Veterinarian. The incumbent will serve as the Academic Advisor for program-enrolled students and perform additional responsibilities as required of all faculty members. In addition, s/he will have a one-course release per semester to perform administrative duties such as, but not limited to, establishing and maintaining field work and laboratory sites; recommending the hiring of, and supervising, part-time faculty in the program; leading efforts to achieve program accreditation by the American Veterinary Medical Association-Committee on Veterinary Technician Education & Activities; and, acting as academic and contractual liaison between the College and Pieper-Olson Veterinary Hospital, where clinically-based lab instruction will occur.

The successful candidate must have demonstrated an interest in, and an aptitude for, teaching the full range of courses from the introductory through the advanced level. S/he must be committed to adopting innovative instructional approaches along with current instructional techniques; integrating instructional technology; and, incorporating service learning in the curriculum.

Substitution Allowed:

Applicants who do not meet the minimum qualifications as stated, or who possess a degree in a related field, are encouraged to put in writing precisely how their background and experience have prepared them for the responsibilities of this position and by providing appropriate references.

**Application
Instructions:**

Send letter of intent, resume, [Board of Regents application](#), names and addresses of three references and college transcripts to:
Human Resources
Middlesex Community College
100 Training Hill Road
Middletown, CT 06457
OR email to: MX-HR-Recruitment@mxcc.edu
