Job Posting No: 100161 and 31780
Hours: 40 hours per week
Salary: Pay Grade FS30a (\$89,945 - \$129,187 annually)
Closing Date: January 25, 2016

Eligibility Requirement: Candidates must meet the requirements listed below.

Knowledge, Skills and Abilities: Ability to independently lead a group of engineers in a collaborative effort; ability to organize lengthy research projects and maintain the focus of a large group; considerable organizational, communication, and interpersonal skills; ability to lead meetings and organize meeting agendas; considerable knowledge in construction methods and contractor bid development; considerable knowledge in design development and estimating practices; considerable knowledge of contracting methods, standards and specifications, and their legal relationships and requirements; considerable knowledge of contract development and structure; considerable knowledge of facilities, rails, bridge and highway contracts; considerable knowledge of Department organization. PE license preferred although applicants with LS license will also be considered (see Special Requirements section below).

General Experience:

CONSTRUCTION ENGINEERING: Eight (8) years of experience in transportation construction engineering.
ENGINEERING: Eight (8) years of experience in transportation engineering.

Special Experience:

One (1) year of the General Experience must have been as an engineer with lead responsibility for complex transportation construction engineering projects in construction, surveys, or materials testing. For state employees this is interpreted at the level of Transportation Engineer 3 (CONSTRUCTION ENGINEERING).

Substitution Allowed: none

Special Requirements:

1. Incumbents must possess Land Surveyor (LS) licensure or Professional Engineer (PE) licensure from the Department of Consumer Protection State Board of Examiners for Professional Engineers and Land Surveyors consistent with C.G.S. §20-302.
2. Incumbents may be required to possess appropriate certification from the New England Transportation Technician Program (NTTCP).
3. Incumbents in this class may be required to possess and retain a valid Motor Vehicle Operator's license.
4. Incumbents in this class may be required to travel.

The filling of this position will be in accordance with reemployment, SEBAC, transfer, promotion and merit employment rules. Interviews may be limited to candidates whose qualifications most closely meet the requirements of this position.

***The results of these interviews may be used to fill future Transportation Supervising Engineer (Construction Engineering) vacancies that occur in the Bureau of Engineering and Construction in the next twelve (12) months.**

Application Instructions: Interested and qualified candidates must who meet the above requirements must submit a cover letter which details your interest and suitability for the position, resume, and application (State of Connecticut Application for Examination or Employment Form CT-HR-12). **State employees must also submit copies of last two performance appraisals received. Send application materials by January 25, 2016 to:**
