Job Posting No. 9095, 109001,109002

Hours: Full-time (40 hours per week)

Salary: (MP70) \$105,623 annually

Closing Date: * **Monday, July 28, 2014- Application package must be received by 5:00 p.m. by this date.**

The Connecticut Insurance Department is seeking three (3) Insurance Actuary positions for the Actuarial Life and Health Insurance Division to analyze the financial statements of insurance companies domiciled in Connecticut to determine ability to pay claims and remain solvent, and to ensure compliance with regulatory valuation requirements. In addition, they will review the work and calculations of company actuaries, perform independent tests of required reserves and supervise the work of consulting specialists engaged to assist in statutory examinations of those domestic companies.

General Knowledge: Considerable knowledge of the valuation, reserving and asset adequacy testing of insurance products, considerable knowledge of actuarial principles, standards and methods; considerable knowledge of statistical methods and computer models as they relate to statutory reserving; knowledge of insurance company financial statements and statutory accounting; knowledge of the relevant state and federal laws and regulations pertaining to insurance companies; knowledge of the operation of relevant insurance and reinsurance programs; familiarity with reinsurance treaties and risk transfer mechanisms; familiarity with insurance investment strategies that complement asset adequacy analysis; familiarity with statutory risk based capital requirements; familiarity with statutory reserving requirements.

Preferred Skills and Ability:

Interpersonal skills to develop and maintain relationships with the appointed actuaries of domestic companies; Oral and written communication skills to present regulatory positions and determinations to insurance company representatives, Department analysts and field examiners; ability to concurrently manage multiple projects with moving deadlines.

Special Knowledge:

Candidates should provide documentation to support meeting the General Qualification Standards (including Continuing Education Requirements) promulgated by the American Academy of Actuaries.

Proficiency in Microsoft Office, particularly XL, Word, Outlook and Access.

Familiarity with various reserving and risk measurement standards such as AG38, AG43, VM-22 and ORSA.

Familiarity with an array of reserving and valuation software products such as

- TAS, MoSes, Triton, PolySystems and similar products used by Life/Health insurers to evaluate reserves;
- Interest rate and other scenario generators.

General Experience: Ten (10) years of experience as an actuary with an insurance company, an insurance regulatory agency, or in a consulting actuary's office performing actuarial insurance work.

Special Experience: Two (2) years of the General Experience must have included experience setting insurance rates and/or reserves for insurance companies or health care centers.

Substitution Allowed: 1. College training in mathematics or statistics may be substituted for the General Experience on the basis of fifteen (15) semester hours equaling one-half (1/2) year of experience to a maximum of four (4) years. 2. A Master's degree in Mathematics or Statistics may be substituted for one (1) additional year of the General Experience.

SPECIAL REQUIREMENT: An Associate membership, by examination, in a relevant actuarial society. For Property and Casualty, membership in the Casualty Actuarial Society is required. For Life and Health area, membership in the Society of Actuaries is required.

Note:

The filling of this position will be in accordance with reemployment, SEBAC, transfer, promotion and merit employment rules.

APPLICATION INSTRUCTIONS: To be considered for this position, qualified candidates must submit a cover letter, resume, and Application for Employment (CT-HR-12 form) located at www.das.state.ct.us/exam to be received no later than the Closing Date above. **Submit application package to:**
