

**NAUGATUCK VALLEY COMMUNITY COLLEGE
12-MONTH, TENURE TRACK POSITION
PROGRAMMER / ANALYST
COMMUNITY COLLEGE PROFESSIONAL 17**

PLEASE FOLLOW THE SPECIFIC APPLICATION FILING INSTRUCTIONS AT THE BOTTOM OF THIS PAGE!

Open To: The Public

Location: Naugatuck Valley Community College

Hours: 35 hours per week, this includes evenings and Saturdays

Minimum Salary: \$ 53,111 approximate annual, plus excellent medical insurance, retirement and related fringe benefits.

Closing Date: April 13, 2012 (extended)

General Experience: Bachelor's degree in Computer Science or other relevant field and two years of programming applications and solutions experience. Applicants who do not meet the minimum qualifications as stated are encouraged to put in writing precisely how their background and experience have prepared them for the responsibilities of this position. They must also provide appropriate references. Exceptions to the degree requirements may be made for compelling reasons.

Responsibilities: The Programmer/Analyst uses contemporary analysis, design, and programming methodologies and tools to translate authorized user requests into computer applications, reports, and services. This entails the analysis of existing procedures and programs, framing and explication of user requirements, the design of alternative solutions, the acquisition of application modules/programs and/or writing of new modules/programs and/or modification of existing modules/programs, and the implementation of new systems components, including user training and the ability to administer, design and program SQL databases and queries. The Programmer/Analyst is accountable for assuring that College faculty, staff and administrators have access to quality computer software through effective performance in the essential areas of development of specifications; modifications; user training and support and programming activity documentation.

The Programmer/Analyst uses design and development tools such as Visual Studio, MS SQL, Subversion and CVS for application software and database management requirements. The programmer will also need to utilize a variety of programming languages and technologies such as, but not limited to, C#, VB, T-SQL, XHTML, ASP.NET, JavaScript, AJAX, CSS, XML, SOAP. Further oversight responsibilities include Banner and Active Directory.

Note: The filling of this position will be in accordance with reemployment, SEBAC, transfer, promotion and merit employment rules, if applicable.

Application Instructions: Complete position announcement and application instructions are available on the NVCC web site at: <http://www.nvcc.commnet.edu/newsevents/employment.shtml>

All employment, if offered, is contingent upon proof of citizenship or employability under the requirement of the Immigration Reform and Control Act (IRCA).

AN AFFIRMATIVE ACTION/EQUAL OPPORTUNITY EMPLOYER

The State of Connecticut is an equal opportunity/affirmative action employer and strongly encourages the applications of women, minorities, and persons with disabilities.
