Regulatory Services Branch - Drinking Water Section

POSTING DATE: April 16, 2012

CLOSING DATE: April 23, 2012*

PLEASE FOLLOW THE SPECIFIC APPLICATION INSTRUCTIONS AT THE BOTTOM OF THIS PAGE!

OPEN TO: The Public

POSITION CONTROL NUMBER: 099905,100944SC NOTE: THIS NUMBER MUST BE INCLUDED ON YOUR APPLICATION

LOCATION: 450 Capitol Avenue, Hartford, CT

SHIFT/HOURS: 1st Shift/35 hours/week

SALARY GROUP/RANGE: EE19-1/\$45,445-\$67,494

NOTE: Candidates must have applied for and passed the [Sanitary Engineer 1 \(Public Health\) exam](#) and be on the current certification list promulgated by the Department of Administrative Services. State employees currently holding the above title or those who have previously attained permanent status in the class may apply for lateral transfer. Applicants will not have the opportunity to take the exam prior to the above closing date to qualify for this particular vacancy.

Preferred Skills:

- Experience with federal and state contract procurement requirements, federal and state construction wage rate laws, environmental review requirements and other administrative requirements for state and federally funded professional service, engineering and construction contracts;
- Experience with spreadsheets, databases, word processing, and geographic information system software, including MSWord, MSAccess, MSEXcel, and ArcGIS;
- Experience prioritizing, managing, and tracking multiple projects, tasks, and priorities simultaneously with skills in project management.
- Educational background in a scientific or technical discipline of environmental, civil or chemical engineering.

MINIMUM QUALIFICATIONS REQUIRED

Knowledge, Skill and Ability:

Knowledge of principles and practices of sanitary engineering with reference to water supply, sewage and bathing places but not including sanitary aspects of industrial hygiene, milk production or insect control; knowledge of methods and practices of sewage treatment and water purification; interpersonal skills; oral and written communication skills; ability to conduct detailed sanitary engineering investigations and studies; ability to prepare and review plans and sketches of water and waste sewage treatment facilities; ability to conduct and interpret chemical, bacteriological and microscopic analyses of water and wastes.

EXPERIENCE AND TRAINING:

General Experience:

Five (5) years' experience in sanitary engineering involving design, construction, or operation of water, sewage, or industrial or hazardous waste treatment plants and equipment, groundwater or inspection and regulation of water supplies, or investigation of sanitation and waterway pollution problems.

Substitutions Allowed:

1. College training in civil or chemical engineering with courses in sanitary engineering may be substituted for the General Experience on the basis of fifteen (15) semester hours equaling one-half (1/2) year of experience to a maximum of four (4) years for a Bachelor's degree. 2. A Master's degree in Sanitary Engineering may be substituted for the General Experience.

Working Conditions: Incumbents in this class may be exposed to some risk of injury or physical harm from on-site environments and a moderate degree of discomfort from exposure to year-round weather conditions.

PLEASE NOTE: This position will be filled in accordance with reemployment, SEBAC, transfer, promotion and merit employment rules.
