DEPARTMENT OF TRANSPORTATION JOB OPPORTUNITY

TRANSPORTATION ENGINEER 2 Engineering

[PLEASE FOLLOW THE SPECIFIC APPLICATION FILING INSTRUCTIONS AT THE BOTTOM OF THIS PAGE!](#)

Open To: Qualified candidates or lateral transfer.
Location: State Traffic Administration, Newington headquarters
Job Posting No: 29665
Hours: 40 hours/week, Monday – Friday (8:00 am to 4:30 pm)
Salary: FS-23a: \$67,346 to \$97,227 annual
Closing Date: February 28, 2017

REVISED POSTING

The Office of the State Traffic Administration, Bureau of Finance & Administration, has a job opportunity for a Transportation Engineer 2 E, which may be under-filled at the Transportation Engineer 1 E or Transportation Engineer Trainee level. Those who applied to the previous posting do not have to reapply.

ELIGIBILITY REQUIREMENT: Please note that the exams for the Transportation Engineer 1 E and Transportation Engineer 2 E classifications have been cancelled and the classes have been changed to non-examined. In order to be considered for employment, candidates must possess the minimum required qualifications that include experience, education and training listed below for Transportation Engineer 2 E or have attained permanent status in the classification for a lateral transfer. You must specify how you meet the minimum qualifications, including the experience, education and training required on your CT-HR-12 Application for Employment. To apply at the Transportation Engineer 1 E or Transportation Engineer Trainee level, you need to meet the minimum qualifications as stated on the job specifications found on the Department of Administrative Services website or have attained permanent status for a lateral transfer. You must specify on your CT-HR-12 Application for Employment how you meet the minimum qualification, including the experience, education and training.

KNOWLEDGE, SKILL AND ABILITY: Considerable skill in use of computer aided design and drafting (CADD) applications; considerable technical skills in preparation of engineering and administrative reports; interpersonal skills; oral and written communication skills; ability to perform complex mathematical calculations; ability to develop and interpret plans and specifications.

Considerable knowledge of principles and practices of more than one specialized field involved in transportation engineering such as bridge design, foundations, highway design, transportation facilities design, transportation planning, maintenance, drainage or hydraulics, research, pavement design, pavement management and traffic; skill and ability to analyze and evaluate engineering, highway, structural and pavement design, hydraulic and traffic problems and provide effective solutions.

SPECIAL REQUIREMENT: Travel is required. Incumbent must possess and retain a valid Motor Vehicle Operator's license.

WORKING CONDITIONS: Incumbent may be exposed to some danger of injury or physical harm from highway or construction environments and a moderate degree of discomfort from exposure to year round weather conditions.

EXPERIENCE AND TRAINING:

General Experience: A Bachelor's degree in Engineering and two (2) years of experience in transportation engineering.

Special Experience: One (1) year of the General Experience must have been at the junior working level in a professional transportation engineering capacity. For state employees this is interpreted at the level of Transportation Engineer 1 (ENGINEERING).

Substitutions Allowed:

1. Possession of Professional Engineer (PE) licensure from the Department of Consumer Protection State Board of Examiners for Professional Engineers and Land Surveyors consistent with C.G.S. §20-302 may be substituted for the Bachelor's degree requirement.
2. Possession of Engineer-In-Training (EIT) licensure from the Department of Consumer Protection State Board of Examiners for Professional Engineers and Land Surveyors consistent with C.G.S. §20-302 may be substituted for the Bachelor's degree requirement.
3. A Master's degree in engineering may be substituted for one (1) year of the General Experience.
4. Current incumbents in the class of Transportation Engineer 1 (ENGINEERING) who do not possess the degree or certification/licensure qualifications as detailed on this class specification may be considered for promotion to Transportation Engineer 2 (ENGINEERING) upon having two (2) years' experience in transportation engineering. One (1) of the two (2) years must have been as a Transportation Engineer 1 (ENGINEERING).

Note: The filling of this position will be in accordance with reemployment, SEBAC, transfer, promotion and merit employment rules, if applicable. The candidate pool resulting from these interviews may be used to fill future Transportation Engineer 2 E positions in the Office of the State Traffic Administration within twelve months.

Application Instructions: Interested and qualified candidates who meet the above requirements should complete and submit a cover letter, resume, and [Application for Employment \(CT-HR-12\)](#) by February 28, 2017. State employees must also include copies of their last two (2) service ratings. Applications will not be considered without all the required documents. Send documents to:
