DEPARTMENT OF TRANSPORTATION JOB OPPORTUNITY Transportation Supervising Engineer (Engineering) Bureau of Engineering and Construction

PLEASE FOLLOW THE SPECIFIC APPLICATION FILING INSTRUCTIONS AT THE BOTTOM OF THIS PAGE!

Open To: The Public (see "Eligibility Requirement" section below)
Location: Division of Highways, Newington Headquarters Building
Job Posting No.: 29614
Hours: 40 hours per week
Closing Date: **September 9, 2016, 4:00 p.m.**
Salary: Pay grade FS30a (\$89,945 - \$129,187 annually)

There is a Transportation Supervising Engineer (Engineering) position opportunity currently available in the Office of Engineering, Division of Highways, State Highway Design Unit, in the Newington Administration Building. The position is 40 hours per week and is in the P-4 (Engineering and Scientific) bargaining unit.

Position Description: Supervises the staff of the State Highway Design unit and is responsible for engineering project management associated with the design of complex highway construction projects. This includes project oversight, including establishment and maintenance of project schedules and budgets. Coordination is required with support units, the Federal Highway Administration (FHWA), regulatory agencies, State, Local and Federal officials and the general public. The ability to review and resolve issues during the design and construction phases is also required, along with presentation of project plans and responding to questions at public meetings, project design review, knowledge of and ensuring compliance with Departmental procedures and guidelines, and conducting employee performance appraisals and training.

Preferred Knowledge, Skills and Ability: Supervisory ability; considerable knowledge of highway design principles and practices including preparation of plans, specifications and estimates, construction methodologies and timeframes, and project design and construction costs; considerable knowledge of relevant agency policies and procedures; considerable knowledge of relevant state and federal laws, statutes and regulations; considerable knowledge of departmental operational methodologies; knowledge of administrative and financial procedures related to project development; considerable interpersonal and supervisory skills; considerable oral and written communication skills.

The successful candidate for this position must be available to attend public meetings outside of normal working hours, when necessary, and must possess and retain a current Connecticut Professional Engineer's License.

MINIMUM QUALIFICATIONS REQUIRED

EXPERIENCE AND TRAINING:

General Experience: Eight (8) years of experience in transportation engineering.

Special Experience: One (1) year of the General Experience must have been as an engineer with lead responsibility for complex transportation engineering projects in bridge design, drainage, electrical, foundations, traffic, facilities design, highway design, research, utilities or hydraulics. For state employees this is interpreted at the level of Transportation Engineer 3 (ENGINEERING).

SPECIAL REQUIREMENTS: 1. ***Incumbents must possess Professional Engineer (PE) licensure*** from the Department of Consumer Protection State Board of Examiners for Professional Engineers and Land Surveyors consistent with C.G.S. §20-302. 2. Incumbents in this class may be required to possess and retain a valid Motor Vehicle Operator's license. 3. Incumbents in this class may be required to travel.

Eligibility Requirement: In order to be considered for this opportunity, applicants must meet the minimum qualifications listed above. Employees who currently hold this title or who have previously attained permanent status in this title since their most recent hire date may apply for lateral transfer.

Application Instructions: Submit a cover letter, which states your interest and suitability for the position, resume, and [Application for Examination or Employment \(Form CT-HR-12\)](#) by the closing date stated above. State of Connecticut employees must include copies of last two (2) performance appraisals received. Send to:

DEPARTMENT OF TRANSPORTATION
Bureau of Engineering and Construction
Office of Engineering, Division of Highways
2800 Berlin Turnpike
Newington, CT 06111
Attn: Ms. Denise Maura

Interviews may be limited to candidates whose experience and training most closely meet the requirements of this position. Refer to the DAS website at <http://das.ct.gov/HR/JobspecNew/JobDetail.asp?FCC=7076> for job specification requirements. The candidate pool resulting from these interviews may be used to fill future positions in this classification in the Bureau of Engineering and Construction, Office of Engineering, Division of Highways, within one year. The filling of this position will be in accordance with reemployment, SEBAC, transfer, promotion and merit employment rules.

AN AFFIRMATIVE ACTION/EQUAL OPPORTUNITY EMPLOYER

The State of Connecticut is an equal opportunity/affirmative action employer and strongly encourages the applications of women, minorities, and persons with disabilities.
