JOB OPPORTUNITY
VETERINARY TECHNOLOGY TECHNICIAN
(Community College Professional 17) - Full-Time, 10-month, Tenure Track
Projected Start Date – August 25, 2017

[PLEASE FOLLOW THE SPECIFIC APPLICATION FILING INSTRUCTIONS AT THE BOTTOM OF THIS PAGE!](#)

Open To: The Public

Location: Middletown, CT

Hours: **35 hours per week**

Salary: \$48,364 - \$51,609, commensurate with experience; plus excellent medical insurance, retirement and related fringe benefits.

Closing Date: May 12, 2017

Knowledge, Skills and Abilities: The Veterinary Technology Program Technician will work collaboratively with the Veterinary Technology Program Coordinator in all aspects of the program. General duties include: assisting all veterinary technology instructors in the preparation, setup, administration, and cleanup of laboratory/clinical classes; serving as a teaching assistant in lab/clinical courses, when assigned; coordinating program needs with Pieper-Olson Veterinary Hospital, where clinically-based lab instruction occurs; participating in the admissions process for new students who will start the program the following fall semester; supporting efforts to maintain program accreditation by the American Veterinary Medical Association-Committee on Veterinary Technician Education & Activities; conducting various administrative duties including serving on the Institutional Animal Care and Use Committee (IACUC) and Program Advisory Board; and, teaching up to 6 contact hours per semester as determined by the minimum teaching qualifications for the course and needs of the program.

In addition, the incumbent will serve as the liaison between the Veterinary Technology Club and the North American Veterinary Technician Association; attend and participate at convocation and commencement ceremonies; serve on assigned committees and task forces; and, attend and participate in committee, staff, informational, and professional meetings.

General Experience: An Associate Degree in Veterinary Technology from an AVMA-CVTEA accredited program with a Veterinary Technician Specialist (VTS) from a North American Veterinary Technician Association approved Academy; **OR** a Bachelor of Science Degree in Veterinary Technology from an AVMA-CVTEA accredited program. Applicant must be a credentialed veterinary technician, with credentialing coming from a state licensing body. A minimum of two years of college or university teaching experience is required.

Special Experience: Advanced understanding in lab equipment operation, set up and safety procedures; animal care Experience; technology information literacy skills; understanding of the operation and function of the Institutional Animal Care and Use Committee and USDA Animal Welfare Act regulation; skill in teaching and basic instruction, preferably in the community college setting.

Substitution Allowed: Applicants who do not meet the minimum qualifications as stated, or who possess a degree in a related field, are encouraged to put in writing precisely how their background and experience have prepared them for the responsibilities of this position and by providing appropriate references.

Working Conditions: Incumbents typically perform their work in laboratory, classroom, veterinary hospital, offsite farm, and office settings. The work does require some physical effort in the care of animals.

Application Instructions: Email letter of intent, resume, BOR Application, transcripts (unofficial copies are acceptable at the application stage), to: MX-HR-Recruitment@mxcc.commnet.edu; OR, mail to:
