EXAMINATION INSTRUCTIONS: Section 1
For each job (maximum of three) which you feel has best prepared you for the job of Building Construction Specialist 1 include a 1-2 page (typed or printed) description detailing your duties and responsibilities. (Applicants serving provisionally or temporarily in the title of Building Construction Specialist 1 cannot include this as one of the three jobs.) Each job description should begin on a separate page and begin with your job title, company name and location, dates of employment, and number of hours worked per week. This should be followed by a description of your duties and responsibilities organizing and formatted around the numbered items that follow: (1) Experience inspecting and supervising construction work for compliance with plans and specifications. Describe your specific experience inspecting construction and/or building rehabilitation or improvement projects for compliance with building codes and regulations. Describe your specific experience relative to the resources that you used to ensure code compliance, and resolving construction problems. Detail the size and scope of the building projects, your specific responsibilities and the role you played (i.e., supervisor/project leader, independent professional, project team member, project assistant). Detail your experience in reviewing construction payment applications against project budgets and project progress. Also include information regarding the trades you have experience in (e.g. plumbing, heating, electrical); (2) Interpersonal/oral and written communication experience. Describe your experience meeting and consulting with architects, engineers, contractors and appropriate authorities involved in construction, alteration and design projects. Detail your experience reviewing technical plans and reports, documents, contracts and other correspondence. Detail your experience preparing presentations concerning projects and providing information concerning the technical issues of construction projects. Detail your experience resolving problems/conflicts with architects, engineers, building officials, etc. and how you resolved these issues. Include information related to the use of technology in communicating project updates, reports, and in presentations. Also, describe your experience as a technical advisor (brievly explain the problems on which you consulted). Section 2. On a separate page, include a list of degrees, certifications, licenses and courses that you have completed which have prepared you for the job. Important Notes: (1) Make certain both your application form and your examination materials are complete and separate documents not referencing the other, as your application form and supplemental examination materials may be separated during the scoring process. (2) Examination materials should be clearly marked as such and each page should contain the examination title, exam number and your social security number (do not include your name). (3) Do not include materials other than those requested above. (4) Your examination will only be scored if you meet the minimum experience and training requirements outlined above. Your application form and exam materials and the fax transmital receipt for your records. Make certain that your application form and exam materials are complete and transmitted correctly and without error. Incomplete faxes or faxes received blank because pages were faxed upside down will not be accepted.
