Closing Date: April 19, 2013

Eligibility Requirement: Candidates must have applied for and passed the Transportation Engineer 2 (E) examination and be on the current certification list promulgated by the Department of Administrative Services for this classification. State employees currently holding the above title or those who have previously attained permanent status may apply for lateral transfer.

Knowledge, Skills and Abilities: Considerable skill in use of computer aided design and drafting (CADD) applications; considerable technical skills in preparation of engineering and administrative reports; interpersonal skills; oral and written communication skills; ability to perform complex mathematical calculations; ability to develop and interpret plans and specifications. Considerable knowledge of principles and practices of more than one specialized field involved in transportation engineering such as bridge design, foundations, highway design, transportation facilities design, transportation planning, maintenance, drainage or hydraulics, research, pavement design, pavement management and traffic; skill and ability to analyze and evaluate engineering, highway, structural and pavement design, hydraulic and traffic problems and provide effective solutions.

General Experience: A Bachelor's degree in Engineering and two (2) years of experience in transportation engineering.

Special Experience: One (1) year of the General Experience must have been at the junior working level in a professional transportation engineering capacity. For state employees this is interpreted at the level of Transportation Engineer 1 (ENGINEERING).

Substitutions Allowed:

1. Possession of Professional Engineer (PE) licensure from the Department of Consumer Protection State Board of Examiners for Professional Engineers and Land Surveyors consistent with C.G.S. §20-302 may be substituted for the Bachelor's degree requirement.
2. Possession of Engineer-In-Training (EIT) licensure from the Department of Consumer Protection State Board of Examiners for Professional Engineers and Land Surveyors consistent with C.G.S. §20-302 may be substituted for the Bachelor's degree requirement.
3. A Master's degree in engineering may be substituted for one (1) year of the General Experience.
4. Current incumbents in the class of Transportation Engineer 1 (ENGINEERING) who do not possess the degree or certification/licensure qualifications as detailed on this class specification may be considered for promotion to Transportation Engineer 2 (ENGINEERING) upon having two (2) years' experience in transportation engineering. One (1) of the two (2) years must have been as a Transportation Engineer 1 (ENGINEERING).

Special Requirements: Travel is required.

Working Conditions: Incumbents in this class may be exposed to some risk of injury or physical harm from highway or construction environments and a moderate degree of discomfort from exposure to year round weather condition.

Note: The filling of this position will be in accordance with reemployment, SEBAC, transfer, promotion and merit employment rules, if applicable. Applicants who do not submit all the requested documents will not be considered. The candidate pool resulting from these interviews may be used to fill future Transportation Engineer 2 (E) positions in the State Traffic Administration within twelve months.

Application Instructions: Interested and qualified candidates who meet the above requirements should submit a cover letter, a resume and an Application for Employment (CT-HR-12) by April 19, 2013 to:
