Position Description: The Department of Transportation currently has a Transportation Engineer Trainee position that is available in the Office of Rails, Bureau of Public Transportation. This position will receive training in introductory professional **electrical** engineering work for the development of technical and professional transportation engineering skills and knowledge in order to qualify for advancement in the field of transportation engineering. Trainee will assist a Transportation Engineer 2 (E).

A Bachelor's degree in Electrical Engineering is a requirement for this position.

Substitutions Allowed:

1. Possession of Land Surveyor (LS) licensure or Professional Engineer (PE) licensure from the Department of Consumer Protection State Board of Examiners for Professional Engineers and Land Surveyors consistent with C.G.S.§20-302 may be substituted for the General Experience requirement.
2. Possession of Land Surveyor-In-Training (LSIT) licensure or Engineer-In-Training (EIT) licensure from the Department of Consumer Protection State Board of Examiners for Professional Engineers and Land Surveyors consistent with C.G.S.§20-302 may be substituted for the General Experience requirement.
3. Possession of at least Level III certification in the Civil Engineering Technology-Transportation Program, Highway Construction Inspection or Highway Surveys from the National Institute for Certification in Engineering Technologies (NICET) may be substituted for the General Experience requirement.

PROMOTION:

1. Incumbents in this class will be eligible for promotion to the target class without further competitive examination after successful completion of the two (2) year training program.
2. Incumbents of this class who meet the minimum qualifications of the target class before the end of the training program must take and pass a competitive examination for the target class in order to be considered for promotion to the target class.

SPECIAL REQUIREMENT:

Incumbents in this class may be required to travel.

WORKING CONDITIONS:

Incumbents in this class may be exposed to some risk of injury or physical harm from highway, construction site, or on-site environments and a moderate degree of discomfort from year round weather conditions.

Note: The filling of this position will be in accordance with reemployment, SEBAC, transfer, promotion and merit employment rules, if applicable. Applicants who do not submit all the requested documents will not be considered. The candidate pool resulting from these interviews may be used to fill future Transportation Engineer Trainee positions in the Bureau of Public Transportation within twelve months.

Application Instructions: Interested and qualified candidates who meet the above requirements should submit a cover letter, a resume, proof of degree and an Application for Employment (CT-HR-12) by October 17, 2012 to:
