List Serve replacing Bidder Notification System

DAS Procurement Services is replacing the current Bidder Notification System with an easier, more efficient List Serve. Procurement customers already subscribed with DAS' current bidder notification system will automatically be enrolled. The new service will take effect Monday, June 5.

"Technologically speaking, the new system will be less taxing on our Internet and email servers," said DAS Procurement's Joe Giliberto. "Plus the everyday maintenance will drop significantly."

Starting June 5, new customers can email: imailsrv@list.state.ct.us. In the body of the message type: Subscribe ctbiddernotice Your First Name Your Last Name.

That's it! You're all signed up to received daily bidder information.

Energy Roundtable For State Procurement & Facilities Personnel

June 15, 2006

Energy Efficient Products: State Procurement and Financial Incentives/Opportunities

The Office of Policy and Management is sponsoring this Energy Roundtable to bring State agencies together to discuss procurement of energy efficient and environmentally preferable products. Financial incentives offered for energy efficient project implementation and renewable energy projects will also be discussed.

Participation by State agencies will further the State's policy goals of "leading by example", increase energy efficiency, and help to reduce greenhouse gas emissions. The Roundtable will be informal – with presentations followed by plenty of opportunity for Q&A, networking and discussions among attendees.

This program targets all State Agency purchasing and facilities personnel. Attendance is free but **registration is required**. Please use the form on page two to register. The program will take place from 8 AM to 12 N on June 15th at the Connecticut Fire Academy facility located adjacent to Bradley International Airport. Detailed directions will be faxed back or emailed to you upon registration.
